

# Goal Keeping Equipment COVID-19 Measures

Avoid sharing equipment if possible.

If sharing is necessary...

Minimise the sharing of equipment by

Maintain the one Goal Keeper for the whole training session

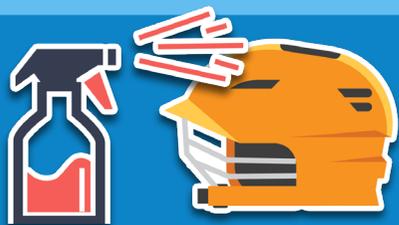

When we return to a competition environment, encourage Goal Keepers to play a full game. Clean and disinfect before another player uses the equipment

Cleaning and disinfecting after each use by an individual is required. See links below for further information and instruction

The high risk items are the Helmet and Gloves.

Particular attention in cleaning and disinfecting required on the helmet

Players could wear “inners” or “disposable gloves”

Lower risk items are kickers, pads, pants and chest plate.

Regular cleaning and disinfecting required between use.

It is recommended that all players are to shower with soap before playing and once they have returned home post game
