

Ground Cleaning Duties

1. Open up access to both fields.
2. Using the leaf blower (located in pump shed) and/or rakes remove leaves from gutters surrounding both fields and access pathways.

3. Clean under each grandstand and remove any rubbish.

Note: Key to the grandstand locks is located behind the right hand door

of the steel cabinet located in the pump shed. Please ensure key is returned to the same place.

4. Check rubbish bins and empty or replace bins. Bins are to be emptied into the large bin located in the rubbish area near the rugby fields. You can also find empty bins for replacement. Your ground key will access the gates next to the athletics field.

Lock the gates after exiting.

5. Take the following items the tech bench of each field:
 - First aid kit
 - Scoreboard controller
 - Esky with 10 ice packs
 - Bucket of water with a new 'chux cloth'. These can be located in the steel cabinet in the pump shed.
6. At the end of the days competition empty all bins. This can be completed during the last game.
