

WWCHA PRIVATE TRAINING SESSION - COVID SAFETY PLAN/PROTOCOLS

Following updated advice from NSW Health, and commencing Monday 11 October 2021, private training session can recommence. Protocols for private training sessions to be held at the Jubilee Park Hockey Complex, have changed.

They are:

- ✓ Limits for personal training are set at 20 fully vaccinated participants. Participants can include coach, parents, players and spectators, however the total no of participants involved must not exceed 20. U16 participants are not required to be vaccinated.
- ✓ Parents/guardians/spectators should be encouraged to either remain in their cars or drop off/pick up at the designated times.
- ✓ Evidence of full vaccination must be provided to person/member responsible for the training session, prior to training session commencing (e.g Digital COVID-19 Certificate, an on-line immunization history statement). You are fully vaccinated if you have had 2 doses of a COVID-19 vaccination. Responsible person/member to record sighting of evidence on the attached sheet. **Note:** Sighting of evidence will only be required at initial training session.
- ✓ If a participant has a vaccination exemption a medical certificate is required, and a copy must also be provided to person/member responsible, prior to training session commencing. Responsible person/member to record sighting of doctors certificate on the attached sheet. **Note:** Sighting of doctors certificate will only be required at initial training session.

✓ Bookings for private training sessions are to be made by emailing Ken Larkin (ken.larkin@bigpond.com) providing the following information:

- Names of participants attending, noting those that are Under 16 years of age.
- Name of person responsible for the training session
- Field required (Noonan or Paul)
- Start time and finish time

Note: An email will be sent confirming the booking. Training session cannot commence until you receive the booking confirmation.

✓ Participants attending the training session must check in via the Service NSW App

✓ Participants must use hand sanitizer prior to and after training

✓ Any participant who has recently returned from a Greater Sydney LGA, Regional Hot Spot or ACT will not be allowed to attend the training session and must follow current Public Health Orders, at all times.

✓ As always training sessions are on the basis of get in train and get out.

This COVID safety plan covers the period October 11 2021 through until NSW hits 80% double dose vaccination milestone, when a new set of Public Health order will be released.
